

Herbicide Treatment

Business and Residential Notice

Distribution Date: **June 25, 2008**

Cottage Lake will be treated with aquatic herbicide between **July 7th, 2008 and August 30th, 2008.**

Products planned for use: **Aquamaster; Renovate OTF**

Active Ingredients: **glyphosate; triclopyr**

Location of Treatments: **shallow areas of Cottage Lake**

Treated and potentially affected areas will be sign posted the day of application. The signs will describe any water use restrictions or advisories.

If you are withdrawing water for potable or domestic water use, livestock watering, or irrigation, and have no alternate water source, please contact the applicator, Michael Murphy at (206) 296-8008 or michael.murphy@kingcounty.gov to arrange an alternate water supply.

If you would like to request additional notification prior to treatment, or have further questions, please contact me using the information above.

This herbicide treatment is regulated under a permit issued by the Washington State Department of Ecology.
